

# Job Notification Form, IIT Delhi

## Company Overview

<b>Name:</b>	TRESATA TECHNOLOGIES PVT LTD
<b>Website:</b>	<a href="http://www.tresata.com">www.tresata.com</a>
<b>Company Type:</b>	Information Technology
<b>Description:</b>	We're a fast-growing intelligence software company and one of the few in the world using machine learning and data to solve some of the most audacious of human challenges. We are a hungry, hard-working team of brilliant minds, innovators, and life-long learners.

## Job Details

<b>Designation:</b>	Tresata Engineer
<b>Type:</b>	Information Technology
<b>Place of Posting:</b>	Bengaluru, Karnataka
<b>Job Details:</b>	WHO WE ARE LOOKING FOR

A Tresata Engineer ("TE") is a talented and passionate individual who wants to have an impact on the world and drive change, while working for a disruptive software intelligence company striving to solve our world's most audacious problems. Every TE is a recent college graduate who has an appreciation for data and a passion for technology.

As a Tresata TE, you start your career and technical training on Tresata Academy, our world-class immersive training platform. This 3-month learning path teaches you how to implement the Tresata software stack and build automated batch/ real-time ELT pipelines to clean, transform, enrich, and curate raw data into usable Data Assets. After this initial training, TE's are placed in different functions of the company, based on business needs and TE skills. These functions range from Product to Delivery to Sales & Marketing.

We welcome students from all disciplines who have a passion for learning, and a drive to understand, present or analyze data. You will have opportunities to think creatively, work collaboratively and gain exposure on all things Tresata, specifically, how we build our brand (sales and marketing), software (product development), and intelligent assets (data engineering).

TE's do not need to have highly technical backgrounds (we can help you there). What is required for success is the ability to think critically and operate in an agile manner.

<b>Joining By:</b>	1 July 2022
