

Job Notification Form, IIT Delhi

Company Overview

Name: Acuvon Consulting Pvt. Ltd.

Website: www.acuvon.com

Company Type: Consulting

Description: We are a young team with diverse backgrounds and experiences who are passionate about making an impact, working with our clients to help them achieve their vision and goals. By working on a plethora of engagements across geographies, industries and with organization sizes ranging from small independent businesses to large corporations, we have been able to translate the richness of past engagements into solution offerings for specific firm life-cycle stages. Through our years of varied experience, we have been able to mesh together solutions that bring sustainable and lasting results for our clients. We work with clients to build capabilities that enable them to achieve sustainable advantage and stay ahead through the following service offerings: 1. Business accelerator: Helping early stage companies achieve 10X growth through innovative solutions across value levers 2. Corporate Turnaround: Helping ailing organizations reach financial solvency and operational normality 3. Performance Improvement: Helping organizations do better than what they did yesterday 4. Transaction Advisory: Aligning corporate transactions with org. strategy to deliver long term value

Job Details

Designation: Analyst Level 2

Type: Consulting

Place of Posting: Noida (need base travel to Saudi Arabia and UAE)

Job Details: About Us

Acuvon Consulting is a management consulting firm with its headquarters in New Delhi, India and representative offices in Riyadh (KSA) and Dubai (UAE).

Our clients belong to diverse set of sectors i.e. Retail, Food & Beverage, Healthcare, Fintech, Pharmaceutical and Public Sector (Government) and BFSI (including Private Equity and Family Offices).

Our mandates typically range from developing business strategy, growth plans and implementation roadmap, operational and financial restructuring, financial modeling and validation, development of business cycles and process improvement, performance measurement and reporting and commercial and financial due diligence (Buy side)

Our employees are graduates of top-tier engineering, business schools, chartered accountants and bring in a diverse set of prior experiences. We are an equal opportunity employer.

Role Summary

As an Analyst, after a brief training you will support one of our client-facing teams. Your role would require

you to support the Associates and Engagement Managers in accomplishing their day-to-day tasks i.e. market research, financial analysis and modeling, creating

presentations and dashboards, conducting and documenting interviews, etc. In addition, you may be staffed on internal projects related to organizational development from time to time. This role requires you to travel to client locations (Saudi Arabia & UAE) on need basis only. If travel is required, it can be up to 3 weeks/ month (once international travel is safe to resume in view of current COVID pandemic situation)

Expectations

- ☐ Solve simple to medium complexity client problems and create relevant deliverables
- ☐ Conduct primary/secondary research as may be required
- ☐ Be willing to support and actively contribute to the team as may be required
- ☐ Assist in preparation of business proposals and participate in internal initiatives of the firm
- ☐ Comfortable travelling and staying in Saudi Arabia and UAE up to 3 weeks every month, if travel is required, which will be on need basis only (once international travel is safe to resume in view of current COVID pandemic situation)

Experience and Skill-Set

- ☐ Excellent problem solving and communication skills
- ☐ Advanced Proficiency in MS Excel and PowerPoint
- ☐ Exposure to one or more of: Retail/ BFSI/ Healthcare (preferred)
- ☐ Exposure to strategy development and implementation, process improvement, performance measurement, digital transformation (preferred)

We arrange for travel to client location and also ensure comfortable accommodation at the client-site for our employees.

Job Location: Sector - 16B, Noida, India (work from home in view of current COVID pandemic situation)
