

Job Notification Form, IIT Delhi

Company Overview

Name: Noccarc Robotics Private limited

Website: <https://noccarc.com>

Company Type: Other (Engineering)

Description: What is Noccarc?

Noccarc is a one of the fastest growing Hardware and MedTech startups in India and was cofounded by IIT Kanpur graduates. Noccarc became a leading manufacturer of ICU ventilators in India after developing it in the initial days of Covid-19 spread in 2020 in less than 90 days, and is currently holding 18-20% market share of ICU ventilators in India.

What is our plan and vision?

We are expanding our product portfolio across a range of Medical Devices, and Will be growing our reach to the global market next year starting with SEA and MEA regions. We aim to disrupt the market by bringing technology enabled and industry leading products which change the way medical devices are used and perceived, offering tremendous value to the healthcare staff and at the same time, doing our fair bit to improve the Indian healthcare infrastructure.

Why should you join us?

What makes us different is the way our team takes up challenges and a solution driven, go-getter attitude. We have a result oriented work culture, and have a brilliant young team with people from IITs, IIMs, NITs, and other top colleges, and are currently 130 people strong. With all this, we are already profitable and have seen an exponential growth in revenues in last 2 years.

To strengthen our product Engineering Team, we are looking for passionate hardware design engineers who are looking for challenging opportunities and to work on industry leading products.
