Job Details

Designation:	Business and Operations Analyst
Type:	Other (High Frequency Tradi)
Place of Posting:	Gurugram
Job Details:	Business And Operations Analyst

NK Securities Research is a leading proprietary trading firm that leverages cutting edge technology and sophisticated algorithms to trade the financial markets. Founded in 2011, we have gained invaluable experience in the field of High Frequency Trading across different asset classes.

Responsibilities:

The Business and Operations Analyst will report to the Company's Senior Management. As a Business and Operations Analyst you would:

1. Develop an understanding of the in-house order sending mechanisms, connectivity and exchange risk monitoring systems to support trading operations
2. Participate in discussions with banks, exchanges, consultants, brokers and other service providers in India and abroad to find ideal solutions to suit the company's requirements
3. Build and improve on company processes related to the company's activities in investment, trading, clearing, risk management, accounting and finance
4. Drive discussions and deals with service providers for colocation infrastructure, low latency lease lines, computer hardware, prime brokerages and stock exchanges in India and abroad
5. Provide management with timely business analyses across a range of topics, including reporting on the company's trading activity, competitor analysis and operational efficiency
6. Support team members on ad-hoc projects and business needs

Qualifications:

The ideal requirements for candidates are:

1. Excellent problem-solving abilities
2. Ability to manage multiple high priority projects
3. Excellent communication skills and fluency in English for business purposes

4. Ability to take ownership of projects and to lead them independently to successful conclusions
5. Familiarity with end user computing tools like Microsoft office and other equivalent products
6. Knowledge of GSuite products such as Google Sheets
7. Knowledge of Shell and Python scripting

Benefits:

NK Securities Research offers compensation above industry standards for deserving candidates. Exceptional performance is rewarded with a handsome variable bonus.

We are a fast-growing organisation where there is no ceiling on the career trajectory of an individual.

The startup style governance of the firm enables the newest employees to work with industry veterans.

Our focus is on a premium quality of life and we encourage everyone in the firm to thrive in all aspects of their lives.

Perks:

1. Five weeks of paid vacation
2. Monthly after work parties
3. Catered meals
4. International team outing
