Company Overview

Name: Shadowfax Technologies Private Limited

Website: <https://www.shadowfax.in/>

Company Type: Other (Logistics)

Description: Shadowfax is India's leading crowdsourced technology based multi category last-mile express logistics platform, where technology is used to drive supply chain solutions, serving 500+ cities. Shadowfax is the first ever B2B platform which provides an array of products and services to serve multiple categories - including food delivery, multi-city fulfilment, express shipping, same day delivery services, reverse logistics ,online retail (physical goods e-commerce) , Pharma and grocery through a single platform, improving the earnings of delivery partners across the day.

Shadowfax's services range from providing riders for doing a 30-minute delivery to four-day delivery. The company does not hire a delivery fleet – More than 100k+ delivery personnel come online daily for a few hours and pay about US\$1.5 per hour.

4 years into the industry, Shadowfax handles over 500,000 unique orders per day for over 170 clients across 500+ cities. We provide a modular set of e-commerce technologies and logistics solutions to over 7000 pin codes. We are the largest logistics partner for Flipkart, Amazon, Bigbasket and the only player providing outsourced Logistics services to O2O Segment.

Shadowfax has a 60% market share in the outsourced food delivery market and believes it's delivery cost works out lower (vs food delivery players) due to cross-utilization of delivery personnel across different categories and platforms.

Shadowfax has a US\$60 MN annualized revenue run rate currently which it expects to increase to US\$350 MN by FY23

Shadowfax, founded by IIT - Delhi Alumni, Abhishek Bansal, Vaibhav Khandelwal in 2015. Shadowfax's leadership team combines world-class talent and entrepreneurial experience gathered at some of the best companies in the world.
