

Job Notification Form, IIT Delhi

Company Overview

Name:	Zomato Limited
Website:	https://www.zomato.com/
Company Type:	Other (Technology)
Description:	Our technology platform connects customers, restaurant partners and delivery partners, serving their multiple needs

Job Details

Designation:	Core Engineer
Type:	Information Technology
Place of Posting:	Remote or Gurgaon/Bangalore basis Government regulations
Job Details:	<p>As part of the Engineering team, you will be working on a product/service that utilizes the best tools to solve real-world problems efficiently. As you continue to demonstrate your ability to solve complex problems, you'll own larger systems and solve bigger problems increasing the breadth of impact.</p> <p>Think of smoother app interfaces and backend systems, integrating more robust payment methods, building accuracy in our location mapping systems, learning more about fraud detection, understanding restaurant menu cataloguing, and lots more..</p> <p>..there's no dearth of problems at Zomato. If you're interested, we'd love for you to come in and challenge yourself with one of these.</p> <p>What will you be doing on a daily basis?</p> <ul style="list-style-type: none">- Reviewing design mocks, and understanding the product flow- Developing, testing, deploying and improving (not just maintaining) what you build- Constantly improving the quality of your development by writing clean and effective code- Forecasting product requirements, and ensuring your code is easily extensible and adaptable to new updates <p>How can you help add value to our team?</p> <ul style="list-style-type: none">- A solid understanding of Computer Science fundamentals – data structures, algorithms, databases, networks and operating systems- Experience in coding in one or more of these languages – Golang, Java, JavaScript, Python, PHP or similar- Contribution to open source projects and experience with personal projects or any other real world contributions in the field of software- The determination to problem solve using a first principles approach, in addition to displaying high level of ownership and judgment towards your work at all times- The ability to not just view what you build with an engineering lens, but from one that evaluates your development from a Product and Design perspective too

While our Technology team is made up of Engineering, Product and Design, we expect every member to question what we build, learn from other teams, and implement those learnings as full stack members.

Joining By: 1 July 2021

Salary Details

CTC:	2,500,000 INR Per Annum
Gross:	2,500,000 INR Per Annum
