Job Details: Quantitative Researcher

NK Securities Research is a leading proprietary trading firm that leverages cutting edge technology and sophisticated algorithms to trade the financial markets. Founded in 2011, we have gained invaluable experience in the field of High Frequency Trading across different asset classes.

Responsibilities:

We are seeking to recruit a Quantitative Researcher to work out of our Gurgaon office. As a Quantitative Researcher you would:

1. Develop and improve trading models using in-house platforms
2. Analyze large financial data sets to identify trading opportunities
3. Provide analytical support to experienced traders
4. Develop models to predict market movements

Qualifications:

The ideal requirements for candidates are:

1. A degree in Computer Science, Mathematics or Engineering from the top IITs
2. Strong analytical skills
3. Strong work ethic
4. Programming experience in C++ or C
5. Working knowledge of Linux
6. Working knowledge of python and shell scripting
7. Excellent Communication skills

Benefits:

NK Securities Research offers compensation above industry standards for deserving candidates. Exceptional performance is rewarded with a handsome variable bonus going up to 100% of the fixed compensation.

We are a fast-growing organization where there is no ceiling on the career trajectory of an individual.

The startup style governance of the firm enables the newest employees to work with industry veterans.

Our focus is on a premium quality of life and we encourage everyone in the firm to thrive in all aspects of their lives.

Perks:

1. Five weeks of paid vacation
2. Monthly after work parties
3. Catered meals
4. International team outing

Joining By: 1 June 2022
