

# Job Notification Form, IIT Delhi

## Company Overview

|                      |   |
|----------------------|---|
| <b>Name:</b>         | Micron Technologies India Operations LLP  |
| <b>Website:</b>      | <a href="http://www.micron.com">www.micron.com</a>  |
| <b>Company Type:</b> | Core (Technical)  |
| <b>Description:</b>  | Micron is a world leader in innovative memory solutions that transform how the world uses information. For over 40 years, our company has been instrumental to the world's most significant technology advancements, delivering optimal memory and storage systems for a broad range of applications. |

## Job Details

|                          |   |
|--------------------------|---|
| <b>Designation:</b>      | Associate Firmware Engineer   |
| <b>Type:</b>             | Core (Technical)  |
| <b>Place of Posting:</b> | Hyderabad   |
| <b>Job Details:</b>      | <p>As a Firmware Engineer at Micron Technology, Inc., you will work on high-performance controller firmware for innovative volatile and non-volatile memory systems. In this position, you will participate in coding, building, bench testing, debugging, and failure analyzing firmware for new high-performance memory controllers and Solid State Drives that will increase performance, while reducing power, latency and SoC (System on Chip) complexity for the target markets. You can expect to work closely with system test engineers, firmware engineers, firmware test engineers, and firmware tools developers to solve cross-functional product development issues.</p> <p>This position is being offered in Enterprise SSD Engineering, Bangalore</p> <p>Responsibilities and Duties include, but not limited to:<br/>(List the responsibilities/duties in bullet format with optional examples provided below)</p> <ul style="list-style-type: none"><li>• Ability to work and communicate effectively in a team, able to multitask effectively in fast-paced environment.</li><li>• Ability to deal with ambiguity, analytical problem solving, and leadership capability</li><li>• Strong coding and debugging skills in C programming language (assembly programming is an added advantage)</li><li>• Take end-to-end ownership of design and implementation of product features that will ship to customers</li><li>• Write efficient and maintainable code</li></ul> <p>Qualifications :</p> <p>CGPA: 7.5/10<br/>Qualification: BE/B.Tech MTech/MSc/Dual<br/>Specializations: Computer Science or Electronics</p> |
| <b>Joining By:</b>       | 18 July 2022  |

## Salary Details

|                     |   |
|---------------------|---|
