Description:	The Australia and New Zealand Banking Group Limited is an Australian multinational banking and financial services company headquartered in Melbourne, Australia.

Job Details

Designation:	Graduate Engineer - Cyber Security Analyst
Type:	Information Technology
Place of Posting:	Bangalore
Job Details:	<p>Be a Cyber-Security Analyst and Grow With Us</p> <p>We're looking for people who are curious to learn, make banking easier for our customers, and improve their financial wellbeing. These are all part of our purpose, which is to shape a world where people and communities thrive.</p> <p>If you want to unleash your creativity and be part of an organization who values diversity and inclusion, takes growth and development seriously, then you are a perfect fit for ANZ!</p> <p>Be part of a collaborative team who is not scared to ask questions and do things differently.</p>

We encourage our people to speak up and share their ideas. Our graduate program will provide you with the skills and tools you need to grow and succeed in a fast paced, digital world.

About The Role

Role Location: Bangalore

Role Type: ANZ Cyber Security-Micro Segmentation Analyst

Role Description:

Working within the Security Domain, this Analyst role will provide exposure to the strategies, tools and techniques employed to protect assets held by ANZ.

The role will work in an agile environment to brainstorm, workshop and devise approaches to enhance capabilities for managing the application network flow within/outside of ANZ network (Microsegmentation). In conjunction with the Cyber Defence Team, the Analyst may participate in reviewing and designing security controls, planning feasibility studies, identifying performance metrics or executing production implementations. Examples of potential capabilities include:

- Identify un-authorized network flows
- Examine mechanisms to reduce un-authorized network flows & implement
- Help investigating operational issues

Tasks:

- Translate business requirements into User Stories and acceptance criteria;
- Translate concepts into simple diagrams;
- Undertake Jira content quality reviews;

A day in the life:

- Assist in the planning and facilitation of workshops.
- Create materials such as User Stories, test scripts, etc
- Collect and interpret metrics.
- Participate in team ceremonies.
- Work closely with squad members & help achieve squad goals

Technical Skills:

Analytical skills

Broad knowledge of IT

Good Windows, Linux, etc. OS understanding

Good understanding of network technology stack

Soft Skills:

"Bluesky" thinking

Communication & relationship building

Problem solving

Planning and organisation

Team Player

You're not expected to have 100% of these skills as we will help you to learn them when you join ANZ.

At ANZ a growth mindset is at the heart of our culture and we encourage people to try new ways of thinking and solving problems. So if this role interests you and you feel you would like to contribute to our strategy and purpose, we'd love to hear from you.

About ANZ

Our purpose is to shape a world where people and communities thrive. That's why we strive to create balanced, sustainable economy in which everyone can take part and build a better life. By helping people make the most of what they have, we transform ideas, hard work and ambition into reality.

ANZ recognises the value of an inclusive and diverse work environment. We take pride in the diversity of our people and encourage applications from diverse candidates. Our recruitment decisions are based on the key inherent needs and requirements of each role, and candidates are selected based on their unique strengths and characteristics.

Joining By: 6 June 2022
