

Job Notification Form, IIT Delhi

Company Overview

Name:	ANZ
Website:	www.anz.com
Company Type:	Information Technology
Description:	The Australia and New Zealand Banking Group Limited is an Australian multinational banking and financial services company headquartered in Melbourne, Australia.

Job Details

Designation:	Graduate - Infrastructure Engineer
Type:	Information Technology
Place of Posting:	Bangalore

Job Details:
Be the Engineer You Want to Be

At ANZ, we have the passion to create and innovate, and learn something new every day.

We're looking for people who are curious to learn, make banking easier for our customers, and improve their financial wellbeing. These are all part of our purpose, which is to shape a world where people and communities thrive.

If you want to unleash your creativity and be part of an organization who values diversity and inclusion, takes growth and development seriously, then you are a perfect fit for ANZ

Be part of a collaborative team who is not scared to ask questions and do things differently.

We encourage our people to speak up and share their ideas. Our graduate program will provide you with the skills and tools you need to grow and succeed in a fast paced, digital world.

Job Title: Infrastructure Engineer
Location: India, Bengaluru

Why join ANZ's Graduate Program?

- Collaborate with friendly, energetic and talented teams of engineers that develop and manage critical server and data storage services.
- Join a progressive organisation with the people and policies you want.
- Learn about Infrastructure and Cloud Services – and the Enterprise Compute function
- Participate in on-the-job training wherever possible.

- Participate in meetings, workshops, and team-building events.
- Activities will be spread across data analysis, Unix engineering and storage engineering and understanding how this brings service and reliability to our customers.
- Bring positive energy to the team, and forming lasting professional relationships.

To be successful in this role:

- Understanding the basics around Infrastructure services – including concepts including servers, OS, Storage and Network
- Excellent written and verbal communication skills,
- Any technology certification would be an added advantage.
- Excellent collaboration skills

You're not expected to have 100% of these skills as we will help you to learn them when you join ANZ

At ANZ a growth mindset is at the heart of our culture and we encourage people to try new ways of thinking and solving problems. So if this role interests you and you feel you would like to contribute to our strategy and purpose, we'd love to hear from you.

About ANZ

Our purpose is to shape a world where people and communities thrive. That's why we strive to create balanced, sustainable economy in which everyone can take part and build a better life. By helping people make the most of what they have, we transform ideas, hard work and ambition into reality.

ANZ recognises the value of an inclusive and diverse work environment. We take pride in the diversity of our people and encourage applications from diverse candidates. Our recruitment decisions are based on the key inherent needs and requirements of each role, and candidates are selected based on their unique strengths and characteristics.

Joining By: 6 June 2022
