Job Notification Form, IIT Delhi

Company Overview

Name: Accolite Digital India Pvt Ltd

Website: www.accoliteindia.com

Company Type: Information Technology

Description: Founded in 2007, is an innovative, best-in-class digital transformation services provider, successfully delivering design driven complex digital transformation initiatives to Fortune 500 clients. We do so by simplifying our client's digital journeys with a human-centric design and product innovation by engaging a community of bright and passionate technologists. By being led and product focussed, we are able to drive compelling business outcomes which when applied to your organization, encourages cross-team collaboration to drive transformation digital experiences no matter your team or industry. Our agile product innovation approach accelerates design and development, delivering ROI at scale. Our differentiated services offering span digital product engineering, cloud and DevOps, data and AI customer experience, cyber security, and design services. We provide these services across banking and financial services, insurance, technology media and telecom, healthcare, and logistics industries. We have been recognized as one of America's fastest-growing privately held companies by Inc. The Inc 5000 recognition is a prestigious ranking of companies that have reached the pinnacle of success during a time of unprecedented uncertainty. Our mission is to solve our client's most complex digital challenges by engaging a community of passionate technologists and making it to the INC 5000 list is a testament to that. As a workplace, our culture is about openness, inclusion, and the willingness to take on the toughest challenges while doing the right thing every time. We are constantly striving to make Accolite a place where talented individuals from different backgrounds come together to deliver winning solutions and drive customer success. We have been certified as a 'Great Place to Work'. This certification is an external validation of our robust value systems and reinforces our culture in creating a happy, healthy, and safe workplace. In addition, Zinnov, a management and strategy consulting firm, has recognized us an 'Established Player' in providing Digital Engineering services. Headquartered in Addison, Texas, Accolite has a presence across the United States, Canada and Europe and has digital labs in Bangalore, Hyderabad, Gurugram and Chennai.
