Job Details

Designation:	Business Analyst
Type:	Consulting
Place of Posting:	Dubai, UAE
Job Details:	To support our continued growth, we are looking for smart and highly driven individuals with strong analytical skills and entrepreneurial spirit to join our analyst team.

As a member of the analyst team, you will focus on either the product management, marketing or sales operations team.

Working closely with Engineering, Sales and Marketing teams, your role will involve:

- Owning product, growth and sales operations projects within a larger business initiative
- Continuously assessing user needs and industry trends to design new products and improvements to existing product
- Conceptualizing and developing comprehensive requirements for development and collaborating with the engineering team to deliver product features
- Executing tests, collecting and analyzing data and results, identifying trends and insights in order to achieve maximum returns from marketing campaigns
- Continuously assessing industry trends to conceptualize new marketing ideas – including content & SEO, performance marketing and press releases
- Lead process improvements and collaborate cross departments to ensure firm-wide optimal resource utilization
- Defining KPIs for success, constantly measuring them and suggesting measures to improve the uptake

Your role will involve data analysis using MS Excel and MySQL to solve problems.

The position offers high visibility and frequent interactions with top management, the chance to solve complex business problems at the cutting edge of e-commerce as well as hands-on business building experience with exposure across all business verticals.

A competitive tax-free compensation package is offered including special relocation assistance for moving to Dubai.
