Job Details

Designation:	Graduate - Clouds control
Type:	Information Technology
Place of Posting:	Bangalore

Job Details:

Take Charge of Your Career and Grow With Us!

At ANZ, we have the passion to create and innovate, and learn something new every day.

We're looking for people who are curious to learn, make banking easier for our customers, and improve their financial wellbeing. These are all part of our purpose, which is to shape a world where people and communities thrive.

If you want to unleash your creativity and be part of an organization who values diversity and inclusion, takes growth and development seriously, then you are a perfect fit for ANZ!

Be part of a collaborative team who is not scared to ask questions and do things differently.

We encourage our people to speak up and share their ideas. Our graduate program will provide you with the skills and tools you need to grow and succeed in a fast paced, digital world.

About The Role
Role Location: Bangalore
Role Type: FTE
Shift Schedule: NA

Your Team's Mission
Cloud Business Office operates as the central point of decision-making and communication for ANZ's cloud program – both internally and externally. More than just a "cloud centre of excellence," the CBO is a permanent operational and governing body that directs and guides all aspects of ANZ's cloud program, from the first implementation through ongoing operations and management. In doing so,

the CBO provides organizational clarity and accountability during the Cloud Adoption journey. The CBO has a few major focus areas, which include Governance and Learning (including Controls), Regulatory Engagement, Cloud Engineering adoption, Cloud Solutions, and Customer enablement and partnership.

In this role you will be part of the Controls squad which plays a key role in working with control owners to improve the control environment at ANZ. The candidate gets an exposure to the latest Cloud technologies including Google Cloud Platform, Kubernetes as well as AWS. This role will give you broad exposure to many part of the bank including vendor management, architecture, Cybersecurity, technology operations, Group Risk, Group Outsourcing and others. You will be able to contribute to the Enterprise Cloud Control Framework (ECCF) and its implementation in the bank including working with stakeholders to identify opportunities for improvements and automation.

You will work closely with APRA prudential standards and develop an understanding of how solutions are designed to meet these requirements. In addition, you will work closely with stakeholders to understand how treatments map to control gaps which contribute to the banks overall risk position.

What will you bring to this role?

• Some knowledge and experience in any of the following - Cloud Controls, Google Cloud Platform (GCP), Amazon Web Services (AWS), Kubernetes, Risk Management and Vendor Management
• A confident communicator and great with people and know how to build strong stakeholder relationships to influence control owners towards uplifting any deficiencies.
• Self-motivation, attention to details, asking curious questions
• While Cloud knowledge or certifications will be benefit, the successful candidate will have an opportunity to learn and upskill, through experts within the team, in person training, online self-paced training and challenging work tasks. We also are looking for someone who has a desire to know more about our customers and help them along their cloud journey.

You're not expected to have 100% of these skills as we will help you to learn them when you join ANZ

At ANZ a growth mindset is at the heart of our culture and we encourage people to try new ways of thinking and solving problems. So if this role interests you and you feel you would like to contribute to our strategy and purpose, we'd love to hear from you.

About ANZ
Our purpose is to shape a world where people and communities thrive. That's why we strive to create balanced, sustainable economy in which everyone can take part and build a better life. By helping people make the most of what they have, we transform ideas, hard work and ambition into reality.

ANZ recognises the value of an inclusive and diverse work environment. We take pride in the diversity of our people and encourage applications from diverse candidates. Our recruitment decisions are based on the key inherent needs and requirements of each role, and candidates are selected based on their unique strengths and characteristics.

Joining By: 6 June 2022
