Job Notification Form, IIT Delhi

Company Overview

Name: Komprise India Private Limited

Website: www.komprise.com

Company Type: Information Technology

Description: Komprise is transforming the $48B+ data management industry by enabling businesses with a smarter way to manage their data. With data more than doubling each year and IT budgets remaining flat, storage concerns keep growing. Visibility of the data is the first step in transforming data management and Komprise has the only solution that provides visibility, transparent move technologyTM, and access to their data regardless of storage infrastructure. Data is the new oil, but only if companies can unlock its potential, and that's where Komprise comes in. The three founders of Komprise have worked together for over 20 years after meeting at the University of Illinois. Kumar Goswami, Krishna Subramanian and Mike Peercy have taken two companies to a positive exit and started this company with a mission; a mission to change how the world manages data.

Job Details

Designation: Software Development Engineer

Type: Information Technology

Place of Posting: Bangalore

Job Details: About the position -
We are developing a new way of analysing, visualizing and operating on data at massive scale. This includes the creation of a new platform that works across hybrid cloud environments. You will help to design and develop the product from the ground up. You will work with a small but very passionate and motivated team. If you've always wanted to work on something fundamental and not be limited with the baggage from existing software, this is the position for you.
Roles & Responsibilities in details
• Design and develop solutions that manage data across public and hybrid cloud environments
• Build solutions that manage data residing in public cloud created by cloud native apps
• Define component architecture, evaluate feasibility, develop for quality and robustness
• Optimize design for scale-out, performance and cost
• Work directly with key customers as required

Joining By: 4 July 2022
